36.For a first time event I have to say that it was run extremely well. The volunteers were great and the atmosphere was inviting and fun.

Sun, Jun 13, 2010 8:34 PM

37.Extremely well organized and welcoming to a newcomer.

Sun, Jun 13, 2010 8:22 PM

What did you like the least?

1.Not knowing why each of us were in the swim heats we were in.

Fri, Jun 25, 2010 9:45 AM

2.The swim course was confusing as to where the finish line was. I also got a cut on my toe exiting the water.

Wed, Jun 16, 2010 4:48 PM

3.The heat system. It might have been nice to have two mens and two womens heats. Heat 4 and 5 were a bit scrambled with ages and it was less of a race as a time trial. Also, 4 minutes seemed excruciatingly long between heats.

Tue, Jun 15, 2010 3:31 PM

4.wet conditions made the downhill part of the run a bit muddy

Tue, Jun 15, 2010 10:11 AM

5.The weather-which you cant control.....rain is better than heat though.

Tue, Jun 15, 2010 7:59 AM

6.packet pick up the day before was unorganized

Tue, Jun 15, 2010 3:33 AM

7.The run course was a little convoluted and had too many turns and steep hills. The transition area was a little crowded.

Mon, Jun 14, 2010 9:26 PM

8.The rain

Mon, Jun 14, 2010 7:56 PM

9.the skinny run trail. couldnt make a pass, single file...

also very uneven and dangerous

Mon, Jun 14, 2010 7:52 PM

10.Transition area a little crowded (and I was under a dripping tree)

Mon, Jun 14, 2010 7:41 PM

11.The only drawback to the race was the water exit. The rug should have been a little longer (4ft) and weighted to keep it down in the water. I got stuck in the mud. Not a big deal but made cleaning my feet a little harder.

Mon, Jun 14, 2010 7:20 PM

12.Getting out of the water and stones that had to walk on to get to the water.

Mon, Jun 14, 2010 7:05 PM

13.I was worried about the swim exit. It's not big enough and I was worried there could be a log-jam of swimmers trying to get out. I was worried that if it really started raining that field could have turned into a real morass!

Mon, Jun 14, 2010 6:45 PM

14.Going down the hill scares me!

Mon, Jun 14, 2010 5:03 PM

15.I thought the transition area was a little tight for placing the bike and all the gear I needed during the race...I know there was limited space.

Mon, Jun 14, 2010 3:52 PM

16.Parking was tough, I couldn't stay for the awards ceremony so I parked at the school, quite a walk with all the gear
Mon, Jun 14, 2010 2:51 PM

17.swim exit
Mon, Jun 14, 2010 1:05 PM

18.The bike racking system. I am not sure if there's better option...just that after T2, some people did not "rack" their bike correctly in rush to do run segment, and there were a bike in my way when I tried to rack my bike.
Mon, Jun 14, 2010 11:07 AM

19.The swim was too short. Sprints are typically half of international so 750 yds. would be better
Mon, Jun 14, 2010 10:03 AM

20.Treading water at the start of the swim & the gigantic hill at the beginning of the bike.
Mon, Jun 14, 2010 9:28 AM

21.I would have like to seen mile markers on the bike route and more mile markers on the run course.
Mon, Jun 14, 2010 9:26 AM

22.the weather, but you can't control that
Mon, Jun 14, 2010 9:00 AM

23.The bike course could use some repaving, Also the trail element of the run was a little lonely at times. Maybe an out an back??
Mon, Jun 14, 2010 7:26 AM

24.No bike pumps at transition
Mon, Jun 14, 2010 7:01 AM

25.The weather was bad, but you can't control that. Exit from the swim was a little difficult.
Mon, Jun 14, 2010 6:55 AM

26.recovery foods
Sun, Jun 13, 2010 10:13 PM

27.Nothing stands out.
Sun, Jun 13, 2010 9:23 PM

28.Length of run from the transition to the bike mount.
Sun, Jun 13, 2010 8:59 PM

29.Everybody else was fast too...
Sun, Jun 13, 2010 8:55 PM

30.swim course was a little confusing on the return. Maybe do a triangle of buouies next year?
Sun, Jun 13, 2010 8:45 PM

31.Um....I got dirty :-)
Sun, Jun 13, 2010 8:41 PM

32.Nothing in particular
Sun, Jun 13, 2010 8:35 PM

33.The bike run out to the road was rough to do in bike shoes - I'm wondering if having us go straight into the parking lot and out through the main entrance would have been better.
Sun, Jun 13, 2010 8:34 PM

8.This was my first race and I had a great time... Definitely doing one again! Great job!

Mon, Jun 14, 2010 7:32 PM

9.This was my first Tri and it was great! Very well organized, volunteers were awesome. Was a little tough getting out of the water if that very nice man wasn't there to pull us out. The running course needs a little work. Mats in the stone areas near the area to meet before swim would be wonderful.

Mon, Jun 14, 2010 7:05 PM

10.You did a GREAT job!

Mon, Jun 14, 2010 6:45 PM

11.I thought the race was very well organized and I appreciated the emails. It didn't bother me to have a water start. Some of the trail for running was a little narrow but I would still do the race again. I liked the shirts provided and the bags you placed them in. For me personally, I don't need the medals.

I have done several triathlons and if no one told me I wouldn't have guessed that it was the first one you did. Great job!

Mon, Jun 14, 2010 5:03 PM

12.more porta potties at transition area

Mon, Jun 14, 2010 1:05 PM

13.For a first race, it was very well organized. Transitions & courses were clearly marked. The volunteers were so helpful & gave some well-needed encouragement to the racers. Thanks for all of your efforts!

Mon, Jun 14, 2010 9:02 AM

15.Great job to Chris and all the volunteers

Mon, Jun 14, 2010 6:55 AM

16.reverse swim,use field side for transition and parking closer together.bike out same way cars enter instead of dirt path to mount

Sun, Jun 13, 2010 10:13 PM

17.great first sprint triathlon

Sun, Jun 13, 2010 9:23 PM

18.Great race! Thank you.

Sun, Jun 13, 2010 8:59 PM

19.Great job, but maybe take out Purington Rd, it was a little bumpy and gravelly

Sun, Jun 13, 2010 8:55 PM

20.the bike and run courses were beautiful and fun plus NO TRAFFIC AT ALL!!! Very nice job providing a fun and safe race. I plan to bring more members of my tri club back next year.

Sun, Jun 13, 2010 8:45 PM

21.Thank you ! Great organization !

Sun, Jun 13, 2010 8:35 PM

22.I didn't mind the trail running, I actually really enjoyed that it was a mix of trail and road. However I don't think very many people were aware of just how much trail running there was. Perhaps in the description next year it could state the mileage of trail and road running so people could be prepared.

Great job!!!
